MESSAGE FROM CAP LEADERSHIP

We're excited to share the Community Arts Partnership's 2025 Annual Report, with heartfelt thanks to the supporters, funders, community partners, artists, and arts organizations that make Tompkins County such an artistically vibrant place to be!

This past year, Ithaca was ranked the #6 most arts-vibrant community in the country by SMU DataArts. This is a testament to the creative ecosystems we've nurtured together.

Even so, artists and the arts remain underresourced in comparison to their outsize impact on our community.

The arts matter now more than ever. They bring people together, combat isolation, and drive economic activity.

As we look forward, CAP remains steadfast in our mission to strengthen the arts in Tompkins County by supporting artists and arts groups, ensuring equitable access to the arts, and cultivating a creative culture that reflects our community's diversity.

EXPANDED PUBLIC ART

The Enfield public sculpture kicked off, celebrating locals' connection with food and culture - including those currently living in Enfield and members of the Gayogohó:nq' diaspora. Led by Crows Nest Artists (Tony Moretti and Gwen Quigley), the work this year engaged the community in a self-determinative design process.
